Professional Summary

Example of expertise....(what they did, software, platform, etc. no secrets)- explain why you are an expert in this area

I provide responses on xxx message board (see www.messageboard.com) to provide information to other users looking for tips on how to use UDesign software or build accessibility tags in PDFs.

Ellen Industries

Software Engineer / 2011 - 2017

Performed internal training. Wrote procedures so code could be reused.

UDesign

Senior Software Engineer / 2005 - 2010

I redesigned the composition software so that it could produce accessibility tags in PDFs. This was done using VB code in a Linux environment with 100% failover to a hot environment.
